New York Space Grant Community College Partnership Program

We’re looking for Community College students up to the challenge to join this exciting new network of NASA scientists and engineers in New York State.

The NYSG CCPP:
- Involves you in real research right now
- Introduces you to this exciting field & the people at its frontier – your new peers
- Matches you with a career and research mentor
- Trains you to prepare for summer research and to graduate to a four-year college
- Organizes summer opportunities at your college, a four-year college, or NASA Center
- Provides fellowships to defray tuition for an academic semester
- Provides summer research fellowships
- Supports travel and lodging for summer internships as needed

Apply today!

Students should be enrolled in a 2-year or technical college, be a US citizen, and have an interest in pursuing a career in Science, Technology, Engineering, or Mathematics as evidenced by their application essays, and choice of courses and major. Students from groups underrepresented in the sciences – e.g., African Americans, Hispanics, Native Americans, and women – are particularly encouraged to apply. Please complete your application by Oct 16, 2015.

Visit the NYSG CCPP page at http://astro.cornell.edu/spacegrant/ccprogram.html for more information and the link to the application, or also email paglione@york.cuny.edu.
