Crestron Electronics sponsored Summer Internships 2012

Crestron Electronics is at the forefront of technology. Do you have what it takes to join a winning team?

Overview: Crestron Electronics is looking for intern/co-op candidates that are a cut above the rest. We offer internships in the following areas:

- Mechanical Engineering/Industrial Design
- Firmware
- Software Development
- Quality Engineering
- Commercial Lighting
- Information Technology

Housing is available for qualified candidates

Eligibility:

- Full time undergraduate students enrolled at NY Space Grant institutions
- Credentials must meet the proper qualifications as stated on the intern requisitions to be considered
- Application deadline: March 16, 2012
- Must be able to work in the United States without sponsorship on a long term basis

How to Apply:

For more information, please contact: Angela Parrinello, University Liaison with Crestron Electronics [AParrinello@Crestron.com](mailto:AParrinello@Crestron.com)
